EPR: A Look Behind the Curtain

RCA – 2022 Circular Economy Conference

Barry Friesen, P.Eng, Executive Director | October, 2022

Cdn. not-for profit supported by 80+ members

pesticide, fertilizer, seed, animal health medication, ag plastics industries

Aiming at zero ag plastic waste & packaging to landfill or environment

- 1,500+ Cleanfarms sites over 581,990 km² ag land (10M km² total) with ~190,000 farms
- 62K tpy plastics generated; ~10% managed annually
- First focus on HDPE containers: near 80% recovery
- Next frontier, high volume bale wrap, grain bags & twine

Building Capacity in Rural Communities

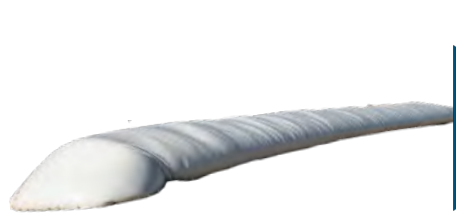

Curtis Construction
in Naicam, SK
Population 661

Recycling ag containers e.g. AB

Maxi-Drain
Ste-Francoise, QC
Population 479

Recycling ag containers e.g. QC

PolyAg
Bashaw AB
Population 830

Recycling grain bags e.g. prairies
